

**We will finish our artwork, united and all together,
on July 4th 2021.**

Dedicated to art, this year's Maratona dles Dolomites - Enel will remain an unfinished artwork. But as you may be aware, it is not always possible to complete an artwork in a short time. Therefore we decided to cancel this year's appointment and to finish our artwork next year on July, 4th 2021. This will be the day where the 34th edition of the Maratona dles Dolomites - Enel will take place.

The Maratona is a party, a cycling party, a party where people show their passion for cycling and a place for those people that come from all over the world to share the same passion in the middle of the Dolomites. But it doesn't take long to understand that this is not the right time to party. It's a hard time for everyone. When a cyclist faces a climb they are encouraged with words like come on, you can do it. Now, more than ever, is the time to support each other, to give each other strength and courage. Next year we want to make it a special moment for everyone.

To the participants, whether they already confirmed their registration for 2020 or not, we tell you not to worry about the registration, we know well that right now you have other concerns and because your registration will be kept valid for the edition in 2021. More details on how to validate your registration will be communicated within the end of April on our website, on social networks and personally by E-Mail to each participant.

Come on people, see you next year. Lift up your hearts!

Alta Badia, 03.04.2020
