MARATONA DLES DOLOMITES - ENEL 2014

THE PRE-REGISTRATIONS ARE OPEN FOR NEXT YEAR:

ONLY ONLINE AND ON THE NEW SITE
WWW.MARATONA.IT

Alta Badia (Bz) – Nothing belongs to us, only time is ours. This is what Seneca wrote and time will be the theme of the 28th **Maratona dles Dolomites - Enel**, which will be held on **Sunday 6th July 2014**. All the news will be available on the site www.maratona.it which in its new graphic design, will be even more appealing. Those who have time do not wait for time: **the pre-registrations start from Wednesday 16th October until 6th November**: it will be possible to send the applications for entry only and exclusively on the site. This race is unequalled, unique and special and covers the Dolomites with cyclists who tackle the three routes, unchanged: Long, 138 km and a climb of 4190 m, Medium, 106 km and a climb of 3090 m and Sella Ronda, 55 km and a climb of 1780 m. The departure is from La Villa and the finish at Corvara, with a live television broadcast on Raitre from 6.15 a.m..

The draw, according to tradition, will concern half Italian cyclists and half foreigners and is scheduled for the second half of November. To be precise, 4,500 names, whilst the other places (the limit is fixed at 9,000 participants) will be divided between those entitled, official Tour Operators of the Maratona and registrations with the surcharge to be donated to charity. From 14th October Holimites, the official tour operator, will put the registrations paired with stays on sale on its site www.holimites.com.

THE PRE-REGISTRATIONS

Everything is ready for access to the new site which will literally be taken by assault on **16th October** with the start of the pre-registrations which will end on 6th November.

For all those who don't make it, again only on the site www.maratona.it, there will be the first 190 registrations with a surcharge from 26th November. The second tranche will be put on sale on 26th March 2014 with the sale of the other 190 registrations with a surcharge.

The pre-registrations is a race before the race, setting new records every year. Last year there were 31,600 and this year again there are all presuppositions to reconfirm, or even surpass, this success.

As for every edition, there will be a theme for 2014 and it will be that of **TIME**.

Charity is another of the aspects of this event which each year offers hope and concrete help in the world. The registrations with a surcharge are used for this. In collaboration with the Association of Groups "Insieme si può" non-profit organization/NGO (www.365giorni.org) there will be two projects on water and health in Uganda: one to solve the problems linked with drinking water with the digging of wells and the other with the construction of latrines in brickwork.
